- The Medicinal Plants Exhibition was held between 8:30 am to 5:00 pm especially for School going children from 5th-9th standards of BMC schools.
- Nearly 2500 School students from BMC Schools of Ward No. "A, B, C, D, and G-South" were visited this Exhibition during the two day's event.

- During the guided tour, children were introduced to various the medicinal plants with their botanical name, common name and their images. The live plants were kept in the exhibition and also medicinal uses were explained to them. The herbal juice prepared during live demonstration by the Gurukul batch students was very well enjoyed by the school children.
A street play on various medicinal plants and their uses in the various diseases was performed by the students of Dr. D Y Patil Ayurvedic College, Nerul, Navi Mumbai for the school children. This interactive session was very much appreciated by school teachers and students of the BMC schools.
The Audio video film, which was specially created and designed for school children regarding the medicinal plants and their uses, was screened in Jubilee Hall of the college and was highly informative to all school students.
Overall programme of MEDICINAL PLANTS EXHIBITION titled "vkqz, d t laulh- series 2" was a great success with active participation of high ranking Govt officials and Policymakers, Ayurved students, Scholars, Teachers, General public and especially the school going Children.
